

FY 2019 Coordinated Monitoring Meeting Summary For the Canadian and Red River Basins

Canadian River Basin

Monitoring in the Canadian River Basin will remain the same as in FY 2018 for all participating entities with no exceptions.

Red River Basin

Monitoring in the Red River Basin will remain the same as in FY 2018 for all participating entities, with the following exceptions detailed below.

Red River Authority of Texas

The Authority will make the following changes:

<u>Description</u>	<u>Station ID</u>	<u>Change(s)</u>
Pecan Bayou at FM 1159	16001	Dropping quarterly monitoring
Little Pine Creek at FM 195	18514	Adding 2 Diel DO monitoring

City of Sherman

The City of Sherman will make no changes to its monitoring schedule for FY2019

North Texas Municipal Water District

The North Texas Municipal Water District (NTMWD) has no changes for FY 2019 and will follow the same monitoring schedule as in FY 2018, with the exception of adding a site to help the process of building Bois D' Arc Reservoir. NTMWD would like to add Bois D Arc Creek at SH 56 which a SLOC will be required. Additionally, NTMWD is looking to monitor closer to the dam of Lake Bonham (21032). They are looking at possibly monitoring at 16943 instead.

Texas Commission on Environmental Quality (TCEQ)

TCEQ – Region 1

TCEQ Region 1 has no changes for FY 2019 and will follow the same monitoring schedule as in FY 2018.

TCEQ – Region 3

TCEQ Region 3 has no changes for FY 2019 and will follow the same monitoring schedule as in FY 2018.

TCEQ – Region 4

TCEQ Region 4 has no changes for FY 2019 and will follow the same monitoring schedule as in FY 2018.

TCEQ – Region 5

TCEQ Region 5 has no changes for FY 2019 and will follow the same monitoring schedule as in FY 2018

All information was correct as of May 4, 2018 but is subject to change prior to May 31, 2018 when all changes to the Coordinated Monitoring Schedule are required to be completed (FY 2018 Deliverable 3D).
